The basic story: in the year 2012, high school kid, Collin Meeks buys a True Virtual Reality (TVR) helmet, the most important tool for logging onto the world wide Virtual Internet System (the VIS). What he expects is total Virtual Internet access. What he doesn't expect is that his cat, Catreece, would find the idea just as appealing. In Real Time, Catreece is just a regular housecat, but on the VIS she's a humanoid cat-girl with a knack for trouble & hijinks.

LAST ISSUE: COLLIN AND HIS FRIENDS HAVE BEEN GIVEN A HOMEWORK ASSIGNMENT BY THEIR HISTORY TEACHER TO TRAVEL THE VIS AND SEARCH FOR 80 MEGABYTES WORTH OF VIRTUAL OBJECTS. BUT THE PUFFY CAT COMPUTER VIRUS HAS INVADED VIRTUAL DENMARK AND IS EATING EVERYTHING! MEANWHILE CATREECE TRIES TO WIN POINTS AT THE BUMPER CAR RING CATCH GAME...HERE WE GO! REMEMBER TO JUST SAY NYA!

HEY! CATREECE WANTS LETTERS!

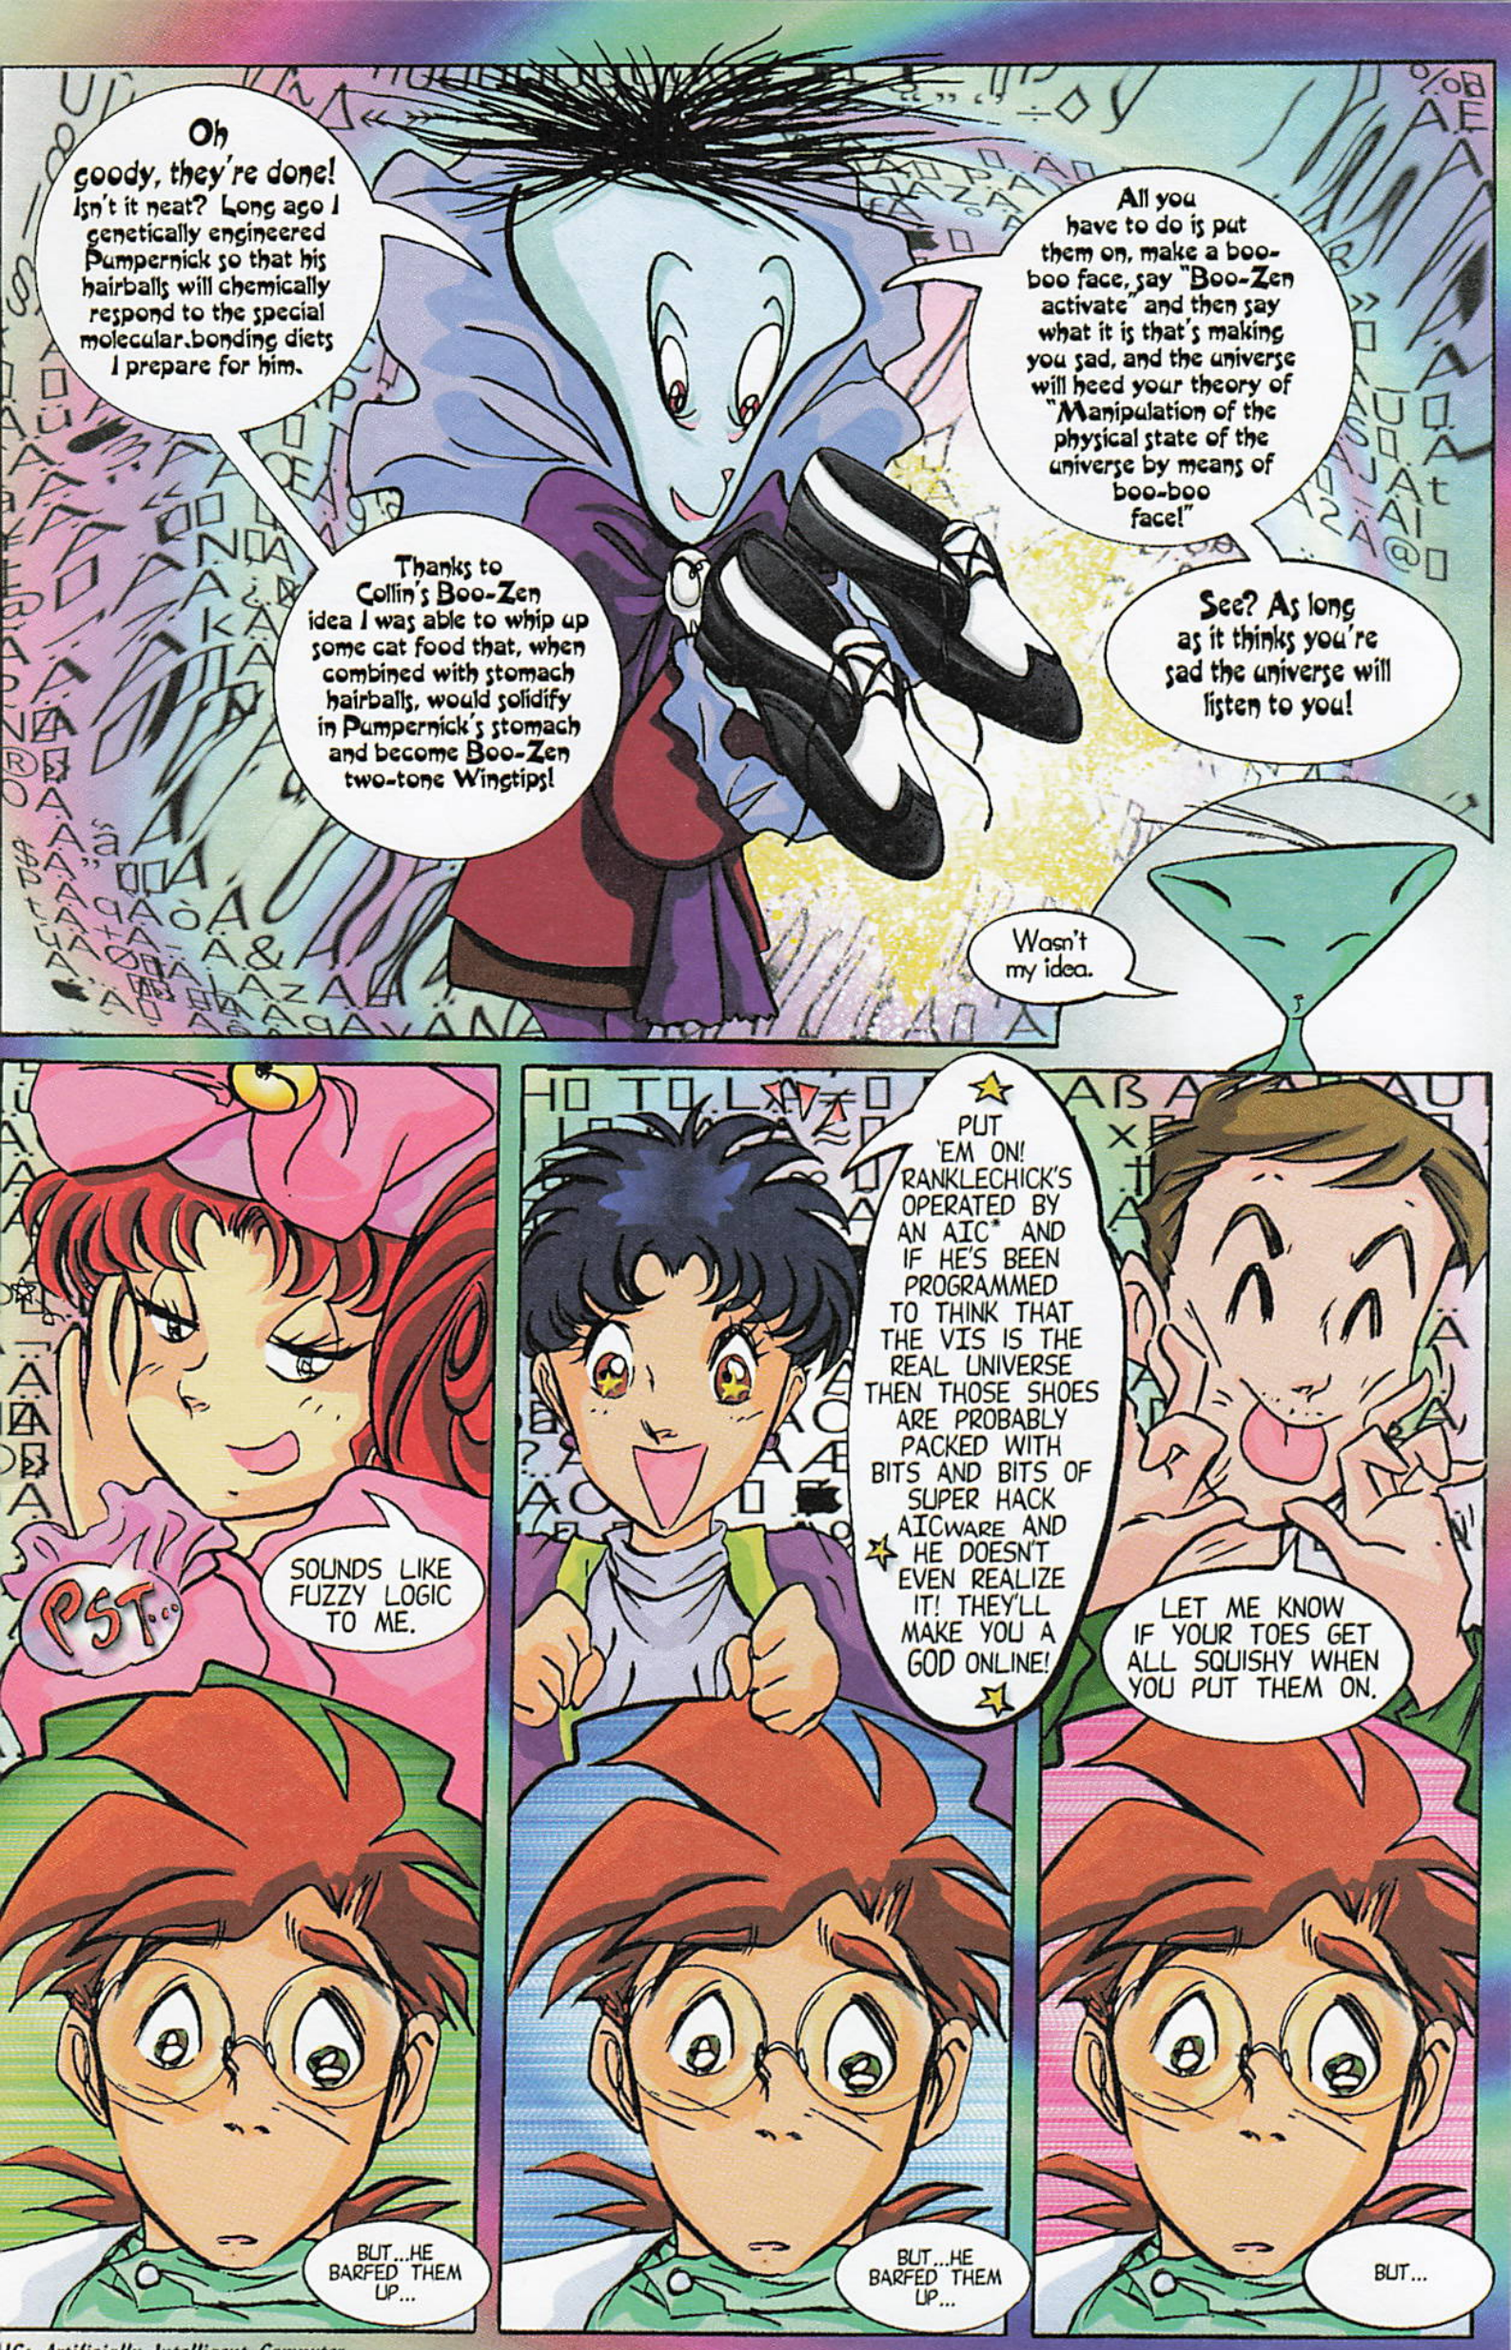
THIS IS MY TEN YEAR OLD SISTER, LILI! SHE LIVES WITH MY DAD IN SAN FRANCISCO!
YEP!
YOU BLEW MY COVER! I'M AN INTERNET SUPER HERO!
HEY!?
HOW DID YOU CHANGE YOUR EYE AND HAIR COLOR?
THE TVR'S HUMAN NERVOUS SYSTEM SCANNERS WOULDN'T ALLOW ME TO CHANGE MY SIZE AND SHAPE BUT I WAS ABLE TO FIND SOME UNDERGROUND PROGRAMS THAT LET ME ALTER SOME OF MY TOPICAL FEATURES. I JUST HACKED THEM INTO MY COSTUME.
AND WHO TAUGHT YOU TO HACK?!?
GET REAL! I LIVE IN SAN FRANCISCO!
PAT!
OOOH!!! THAT DARN CUSTODY BATTLE! I KNEW I SHOULD HAVE PICKED DAD!
?!
COOL! PUMPERNICK JUST BARFED UP A PAIR OF SHOES!
Excuse me.
Boo-Zen Action Ware!



Oh goody, they're done! Isn't it neat? Long ago I genetically engineered Pumpernick so that his hairballs will chemically respond to the special molecular.bonding diets I prepare for him.
Thanks to Collin's Boo-Zen idea I was able to whip up some cat food that, when combined with stomach hairballs, would solidify in Pumpernick's stomach and become Boo-Zen two-tone Wingtips!
All you have to do is put them on, make a boo-boo face, say "Boo-Zen activate" and then say what it is that's making you sad, and the universe will heed your theory of "Manipulation of the physical state of the universe by means of boo-boo face!"
See? As long as it thinks you're sad the universe will listen to you!
Wasn't my idea.
PST...
SOUNDS LIKE FUZZY LOGIC TO ME.
BUT...HE BARFED THEM UP...
PUT 'EM ON! RANKLECHICK'S OPERATED BY AN AIC* AND IF HE'S BEEN PROGRAMMED TO THINK THAT THE VIS IS THE REAL UNIVERSE THEN THOSE SHOES ARE PROBABLY PACKED WITH BITS AND BITS OF SUPER HACK AICware AND HE DOESN'T EVEN REALIZE IT! THEY'LL MAKE YOU A GOD ONLINE!
BUT...HE BARFED THEM UP...
LET ME KNOW IF YOUR TOES GET ALL SQUISHY WHEN YOU PUT THEM ON.
BUT...

THE TVR IS SUPPOSED TO SEND A PULSE THROUGH YOUR BODY'S NERVOUS SYSTEM AND MEASURE ITS PROPORTIONS TO COMBINE THEM WITH THE BASIC HUMAN MODEL IN ITS MEMORY...BUT CATREECE IS A GLITCH AND I NEVER MADE A BACKUP OF HER ID! I MAY NEVER BE ABLE TO TALK TO HER AGAIN...SHE'LL JUST BE MY SIMPLE HOUSECAT...AGAIN...

Next Issue: Okay, Issue #7 is that Nibble Panic Rabbit thing, right? But wait! There's also Lady Baton! Hmmm...Who does she look like...?

Reality Break!

Okay...We're taking a three month break after issue # 10. Well, it wont really be so much as a break as a time to catch up. Still, we may actually take a one or two day vacation, who knows. The concept just feels so alien right now. You see, we've spent our first whole year under the Sirius label just getting used to the whole computer coloring and painting process. It takes us 12 to 20 hours to color a single page of RC! and being that there are only 24 hours in a day, 30 days in month, and 20 to 24 pages of RC! to color each month...We're gettin' loopy! Now don't start feeling RC! withdrawals yet. Issue #10 is a whole four issues away. It'll be okay, really.

This all reminds me of a funny occurrence that happened recently. I had to leave the submarine the other day--that's what we call our apartment/studio--to buy more computer equipment (of course, why else would I leave?). It was really weird, because it was in daylight (gasp), and when I got out there on the California freeway it suddenly felt like that big blue sky was starting to crush me. It was so...Blue...I don't know, I kind of liked it but at the same time it felt spooky. Maybe the sky is falling. I better check the news. Anyways, when I got back I tried to describe the whole experience to Tavisha, but it took me almost three hours of showing her pictures of blue sky before she understood what I was talking about. We're planning on going to Disneyland the second we finish this issue of RC! Whee! Haunted Mansion ride here we come...Hope the sky isn't too blue though...That would be spooky...

Also in the RC! news, Sirius tells us they're planning on collecting the first 6 issues of RC! into a trade paperback available for domestic and international distribution some time after august of 1997. We may add some more pages to it but at the moment we're not really sure what. Any suggestions? Would you want to see more story content? More "How to Make RC!" pages? More Catreece pictures? Let us know, please.

Oh, before I forget...Yes, AOL does work and we are getting all of your emails just fine. I mark most email we get for reply, but then I always get distracted by the book and sometimes forget to actually send the mail that's sitting in our reply folder. So if you really want us to reply to your email (outside of these letter pages) you may have to send it twice to remind us its there, or just put "please reply" somewhere in the message. Of course if we never reply, it may be because we're too busy laughing at you..Oh, um...Did I write that?

Want to read some letters? Okay. Here there be letters. Got another weird cat story from that Andy "Mad Baz" Tucker! That man truly lives in the land of whacked cats!. I'm just going to print the cat story section of the letter because we're short on space this issue. Here we go...

...Right. The cat story. This one comes from the Lake District, on the shores of Grasmere in fact, my brother's favorite place (my bro—Mike Tucker, BBC Visual Effects, Dr. Who, Red Dwarf, say no more). There is a bed and breakfast place that we tend to stay at when we visit and they have a cat. Not a fluffy bouncy cutsie cat, oh no. This is a great hairy monster of a cat. A cat that looks at you when you come in, decides to let you live for a while longer, and goes back to sleep. This is the sort of cat that would have a tattoo and drive a Harley. The owners told us that, on occasion, the great lurking brute would saunter down to the lake edge in the wee hours of the morning and mug a mallard. The unfortunate watterfoul would be dragged, screaming blue murder, a hundred yards up a steep grassy bank, across the main Windermere to Keswick Road, over a four foot wall and around the back door of the house, where it would be stuffed through the cat flap. Later on that day, the owners would come down to find an extremely bedraggled and slightly concussed duck wandering around the kitchen and the cat, curled up on top of the

FRIDGE, IN EXTREME SMUG MODE. THEY'D HAVE TO CATCH THE DUCK, TAKE IT DOWN TO THE WATER'S EDGE AND SET THE POOR CREATURE FREE, AND YOU MUST UNDERSTAND THIS WAS NOT AN ISOLATED OCCURRENCE, IT USED TO HAPPEN ON A REGULAR BASIS. THE CAT OBVIOUSLY THOUGHT THIS WAS GREAT FUN, THE DUCK'S THOUGHTS WERE UNRECORDED BUT YOU CAN IMAGINE IT BEING PUT BACK IN THE LAKE FOR THE UMPTEENTH TIME, CASTING AN EVIL GLARE BACK UP THE SLOPE AND MUTTERING TO ITSELF, "OF COURTH YOU REALITHE, THITH MEANTH WAR!" ONE EXPECTS ACME PARCELS AND DYNAMITE TO FEATURE QUITE HEAVILY IN LAKESIDE LIFE IN TIMES TO COME...

EEEEEK!!! SORRY TO CUT YOU OFF THERE ANDY, BUT WE JUST GOT THIS URGENT LETTER! MAKE ROOM! MAKE ROOM! SOILENT GREEN IS PEOPLE-OOPS, WRONG LETTER. HERE'S THE EMERGENCY LETTER:

HIYA,
MY FRIENDS AND I JUST LOVE RC!! THE CHARACTERS ARE SO COOL!! ESPECIALLY CATREECE!! QUESTION FOR YOU GUYS: HOW DID YOU COME UP WITH THE CHARACTERS AND THEIR PERSONALITIES? COLLIN'S FAMILY IS THE PICTURE PERFECT IMAGE OF MINE! MY DAD, LIKE COLLIN'S, IS ALSO VERY CHEAP! I BOUGHT MY CURRENT SYSTEM BY SAVING UP MY ALLOWANCE. I WOULD HAVE EMAILED THIS LETTER BUT MY FATHER PULLED THE PLUG ON MY SYSTEM AND MODEM. ANYWAYS, I'M LOOKING FORWARD TO YOUR RESPONSE IN ISSUE #5. UNTIL THEN, SEEYA!
TRISTEN C. HOLLBROOK
SAN DIMAS, CALIFORNIA

DEAR TRISTEN'S DAD,
WHAT HAVE YOU DONE TO POOR LITTLE TRISTEN?!? NO COMPUTER??? NO MODEM??? SHE'LL DIE WITHOUT IT!!! SHE'S MISSING OUT ON A WHOLE WORLD PACKED WITH...WITH...WITH STUFF! LOTS OF GOOD STUFF! SOME OF IT'S ACTUALLY WORTH WHILE! OKAY, THERE'S ALL THAT BAD STUFF TO, BUT SHE DOESN'T HAVE TOO LOOK AT THAT. SHE COULD JUST LOG INTO OUR WEB PAGE AND WATCH CATREECE DANCE ALL DAY!
(HOW'S THAT TRISTEN? THINK HE'LL GIVE YOU BACK YOUR 'PUTER NOW? GLAD TO HELP! BTW, SORRY, I'M ASSUMING YOU'RE A GIRL. TRISTEN'S A GIRL'S NAME ISN'T IT? YEAH, LIKE MY NAME'S OH SO MASCULINE!)

HI TAVISHA AND ROSEARIK, I'M A CONSUMER UNIT THAT RECENTLY CONSUMERED ISSUES 1 TO 4 OF YOUR COMIC, REALITY CHECK! FUNNY STORY, CUTE ART AND WONDERFUL COMPUTER COLORING. VERY COLOURFUL INDEED! ROSEARIK, YOU'RE A PIXEL SWIRLING DEMON! BUT BE CAREFUL, I'VE HEARD THAT IF YOU SPEND TOO MUCH TIME IN FRONT OF YOUR MONITOR, SWIRLING PIXELS, YOU'LL START TO LOOSE TOUCH WITH REALITY. YOU KNOW, COMBING YOUR TEETH AND BRUSHING YOUR HAIR AND FEELING THE URGE TO HIT COMMAND-S TO SAVE YOUR WORK. MY ADVICE IS TO TAKE A 15 MINUTE BREAK EVERY HOUR, GET OUTSIDE FOR SOME FRESH AIR, MAYBE DO SOME AEROBIC JAZZERCISING... OTHERWISE YOU RUN THE RISK OF GOING POSTAL OR LA LA LA LOOPY. LOVED THE RANKLECHICK LACTOSE INTOLERANT GHOUL THING AND LOOKING FORWARD TO FUTURE ISSUES OF YOUR FUNNY BOOK.
